# From the Vice President

#### TO THE CORNELL UNIVERSITY BOARD OF TRUSTEES

Our 2024-25 Cornell University financial report encapsulates the complete operating and capital budgets for the respective year, which are presented to the Board of Trustees for review and approval. It includes all our programs across the Ithaca, Cornell Tech, Weill Cornell Medicine, and Qatar campuses. The Cornell Tech campus is included in the Ithaca operating budget while Weill Cornell Medicine (WCM) is presented separately with Qatar. Ultimately, both budgets are rolled up to one University budget.

As the university continues to adjust for market conditions, investments in our strategic priorities and campus financial calibrations, careful oversight on our budget will be necessary through tighter personnel planning, capital commitments and efficiencies in administrative support. This remains a top priority toward our effort in balancing our budget. This management of funds enables the university to focus on the academic mission, affordability, and technology, among other things.

All of our campuses participated in a very thoughtful budget process this year and for that, we are extremely grateful. Where revenue estimates are trending higher than earlier 10-year projections mostly due to tuition rate increases, expenses are also trending higher in part due to inflationary areas. The university's commitment to affordability also contributes to the overall increase in financial aid expenses. The leadership teams are committed to work through our increased expense challenges throughout the fiscal year.

Overall, for fiscal year 2025, revenues are planned at \$6.4 billion, a 4.1 percent increase over fiscal year 2024 forecast while operating expenditures are planned at \$6.5 billion, a 4.7 percent increase to the current year forecast. The balanced year-over-year increase both in revenue and expense includes some one-time draws from prior year fund balances as well as investments into capital projects.

Ithaca campus revenue is planned at \$3.4 billion, an increase of 1.6 percent or \$52.5 million more compared to the current year forecast. Tuition, the most significant revenue stream for the Ithaca campus, is planned to grow by \$69.9 million with all program enrollments targeting normal levels and the completed planned growth in the undergraduate program. The tuition growth rate for undergraduate was 4.9 percent. Housing and Dining revenues will increase by \$14.9 million, with funding targeted towards investment renewal in facilities.

Operating expenses for the Ithaca Campus will increase by 3.6 percent over the current year forecast of \$3.3 billion. The total expense budget of \$3.4 billion includes personnel costs increasing by \$109.4 million and financial aid expenses increasing by \$24.3 million. Financial aid costs

will be partly offset by new gifts to the endowment for affordability over time. Personnel levels will be assessed throughout the year, realizing savings through planned efficiencies. General expenses reflect lower levels from fiscal year 2024 with cost efficiency measures already in progress. Travel, events, and research activity are all assumed to be at normal levels with careful oversight for growth.

Weill Cornell Medicine revenues are projected to total \$3.1 billion, an increase of 6.9 percent or \$198.7 million over the current year forecast. Clinical revenues will continue to increase by 8.5 percent or \$125.3 million. Sponsored revenues are planned to increase by \$38.6 million. Weill Cornell Medicine expenditures are planned at \$3.2 billion, increasing by 5.9 percent or \$177.1 million over the current year forecast. Similar to the Ithaca campus, the most significant impact from cost increases will be in personnel expenses, but we also see an uptick with additional debt service of \$28.0 million, or 53.3 percent. Personnel costs are projected to increase by \$136.9 million or 7.0 percent.

The university's capital budget for fiscal year 2025 projects expenditures of \$396.0 million across all campuses, much of which can still be attributed to a backlog of approved projects and priorities. Many of these were committed to several years prior to the COVID-19 delays and are finally coming to a close, including the Ann S. Bowers Computing and Information Science Building, Atkinson Hall, and renovations for Balch Hall and McGraw Hall on the Ithaca campus. The Weill Cornell Medicine student housing project with a projected budget of \$264.0 million was also included in earlier planning with new investments to support clinical projects. These are the largest drivers in the current capital budget. The capital budget also includes significant investment in deferred maintenance across the campuses.

Continued careful financial planning and strong operational controls will help us achieve a balanced budget to support investments towards our critical needs, strategic objectives and goals. Furthermore, as we start to close out our fundraising campaign, *To Do the Greatest Good*, additional support will boost these priorities for years to come.

Jan E. Syn

Laura E. Syer Vice President for Budget and Planning

## Composite Operating Budget Highlights

Cornell University's composite operating plan for FY 2025 is based on the plans of its three main campuses: Ithaca Campus and Cornell Tech (which are combined for this report) and Weill Cornell Medicine (WCM) with campuses in New York City and Doha, Qatar. Table 1 on the facing page shows the overall university plan, with summary and detailed plans immediately following.

#### Resources

Revenues are projected at \$6.4 billion, an increase of 4.1 percent from the FY 2024 forecast.

- **Tuition and Fees** are planned to increase 5.0 percent, primarily due to rate increases.
- Investment/Endowment Distribution is expected to be 4.1 percent. The total payout has been set at 5.0 percent across a 28-quarter average market value. The increase is due to growth in payout rate and increase in number of shares.
- Unrestricted and Restricted Gifts for general operations are planned at \$288.6 million, a decrease of \$42.5 million over FY 2024 forecast. Restricted gifts in current and prior years include one-time gifts and sponsored gifts for which similar future giving is not certain. The overall decline is planned to be offset with additional capital and endowment giving.
- Sponsored Programs (Direct) costs of grants and contracts (excluding Qatar) are expected to increase 1.4 percent and recoveries of Facilities and Administrative Costs are projected to increase 7.9 percent. Sponsored direct and facilities and administrative cost recovery are planned to total \$1.0 billion.
- State and Federal Appropriations are planned at \$157.0 million. See Appendix G for details on state appropriations.
- Revenues from the **Physician Organization** are projected to increase \$125.3 million over the FY 2024 forecast reflecting growth.
- Educational Activities and Other Sources are projected to increase \$5.1 million or 1.3 percent from the FY 2024 forecast.

### Use of Resources

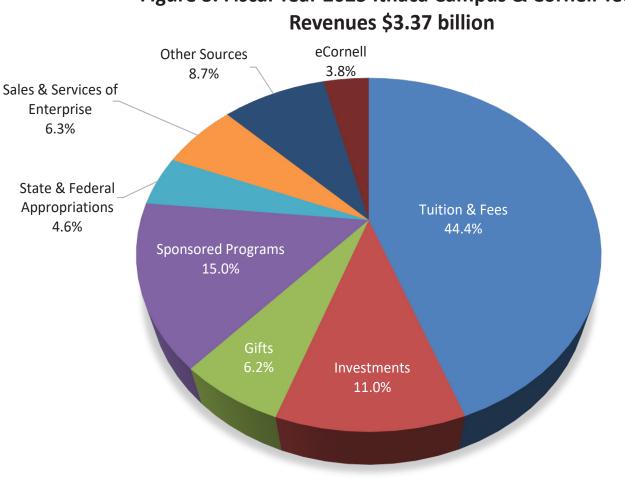

FY 2025's planned expenditures are projected to be \$6.5 billion, an increase of 4.7 percent from the FY 2024 forecast.

- Salaries, Wages and Benefits are projected to increase \$246.3 million or 6.5 percent. This increase is attributed to the escalation of the salary improvement program, driven by inflation metrics, an uptick in graduate stipends, and other headcount growth across campus.
- Undergraduate Financial Aid is planned to increase by \$23.6 million or 5.4 percent over the FY 2024 forecast. FY 2025 budget assumes growth in cost of attendance, and an increase in the percentage of students receiving aid.
- Graduate and Professional Financial Aid is projected to increase by \$3.2 million or 1.3 percent from the FY 2024 forecast, primarily due to the stabilization in aid provided.
- General Expense and Purchased Services are projected to decrease 2.3 percent or by \$28.1 million from the FY 2024 forecast. This decrease is in response to controlling costs, particularly in procured services.
- Utilities, Rent and Taxes are projected to increase 4.5 percent or by \$8.6 million primarily due to inflationary estimates.
- **Debt Service** is planned at \$159.6 million due to new debt issued.

# Figure 3. Fiscal Year 2025 Ithaca Campus & Cornell Tech

Figure 4. Fiscal Year 2025 Ithaca Campus & Cornell Tech Expenditures \$3.38 billion

#### Resources

FY 2025's planned revenues are projected at \$3.4 billion (including Cornell Tech), an increase of 1.6 percent from the FY 2024 forecast.

- **Tuition and Fees** are planned to increase \$69.9 million, or 4.9 percent, from the FY 2024 forecast primarily due to rate increases. The undergraduate tuition rate increase is 4.9 percent for both endowed and contract colleges students. Graduate and Professional rates vary in increases, ranging from 0-10 percent depending on the market of specific programs. Appendix E provides details on actual and projected enrollments.
- Investment Distributions are projected to increase by 4.2 percent. The increase is due to a growth in shares and increase in payout. Total payout is set at 5.0 percent of a 28-quarter average. Shareholder payout is set at \$2.75 per share.
- Unrestricted and Restricted Gifts for current operations are planned at \$207.7 million, a decrease of 10.4 percent from the FY 2024 forecast. Restricted gifts in current and prior years include one-time gifts and sponsored gifts, for which similar future giving is not certain. Overall decline represents timing alignment between pledged donations (some in nonoperating for capital and endowment initiatives) as well as actual cash inflow.
- Sponsored Program Direct and Facilities and Administrative Costs are projected to total \$506.1 million in FY 2025, a decrease of 4.1 percent from the FY 2024 forecast due to the variability associated with the proposal and award processes.
- Housing, Dining, Enterprises are projected to total \$212.9 million, reflecting a 7.5 percent increase from FY 2024 forecast to address inflationary pressures and investment renewal.
- Educational Activities and Other Sources are projected to total \$293.5 million in FY 2025, a decrease of 0.2 percent from the FY 2024 forecast due to current market conditions.
- eCornell revenues in FY 2025 reflect a 1.7 percent increase from the FY 2024 forecast due to market projections slighting improving.

#### Use of Resources

Expenditures are planned at \$3.4 billion (includes Cornell Tech), an increase of 3.6 percent from the FY 2024 forecast.

- Salaries, Wages and Benefits Salaries, wages and benefits are projected to increase \$109.4 million or 6.2 percent. This increase is attributed to the salary improvement program, graduate stipends, and other headcount growth across campus.
- Undergraduate Financial Aid is planned to increase by \$23.6 million or 5.4 percent over the FY 2024 forecast. FY 2025 budget assumes growth in cost of attendance, and an increase in the percentage of students receiving aid.
- **Graduate and Professional Financial Aid** is projected to total \$204.5 million in FY 2025, an increase of 0.4 percent from the FY 2024 forecast due to programmatic stabilization in support.
- General Expense and Purchased Services are planned at \$582.7 million, a decrease of \$29.2 million or 4.8 percent from the FY 2024 forecast. This decrease is in response to controlling costs.
- **Repairs and Maintenance** is projected to increase \$5.9 million or 8.5 percent from the FY 2024 forecast to support planned maintenance activity and increases in cost of goods.
- **Debt Service** is planned at \$79.1 million.

### Resources

11

Revenues for FY 2025 are projected to be \$3.07 billion, an increase of 6.9 percent or \$198.7 million from the FY 2024 forecast.

- **Tuition and Fees** are projected to be \$74.1 million. Tuition for the Medical School will increase 3.0 percent to \$69,422 and tuition for the Graduate School will increase by 3.0 percent to \$33,745.
- Investment Distribution is budgeted to increase \$2.5 million to \$69.5 million. This is mainly due to the result of a 3.8 percent payout from \$2.65 per share to \$2.75 per share, as approved by Cornell University's Investment Committee.
- Unrestricted and Restricted Gifts are budgeted to decrease \$18.4 million to \$81.0 million, due to targeted institutional fundraising priorities for the College's capital expansion and needs. The budget includes existing pledges of \$45.7 million and anticipated pledges and outright gifts of \$35.3 million.
- Sponsored Programs (NYC) totaling \$554.1 million, consists of direct support of \$400.7 million and facility and administrative cost recoveries of \$153.4 million. The budget reflects a 11.3 percent increase in NIH and other government support and a 4.8 percent increase in funding from private foundations, corporate research agreements and nonfederal clinical trials. The federal F&A cost recovery rate will remain at 69.5 percent.
- Physician Organization (PO) income of \$1,606.0 million includes direct patient receipts of \$1,237.9 million, affiliate medical service agreements of \$358.1 million, and other income of \$10.0 million. This 8.5 percent increase from prior year reflects both volume and negotiated fee increases for WCM physicians as well as increases in medical service agreements at Brooklyn Methodist and NYP Queens. The FY 2025 budget also includes revenue cycle improvements in areas of pre-authorization, denial management and optimization, and increased clinical capacity.
- Qatar Programs reflect support from the Qatar Foundation for the academic program (\$104.3 million, line 11) and the research program at WCM-Q (\$34.2 million, line 7). The budget for the Qatar program is detailed separately. Like previous years, the FY 2025 budget represents a standard annual increment.

## Use of Resources

Planned expenditures for FY 2025 are projected to be \$3.16 billion, an increase of 5.9 percent or \$177.2 million from the FY 2024 forecast, which include cost allocations from the university.

- Salaries & Wages are projected to increase \$100.3 million or 6.2 percent to \$1,718.5 million for FY 2025. The budget includes base and supplemental compensation, as well as a 3.0 percent merit improvement pool for faculty and staff. The budget also includes a staff reduction plan that will be implemented during the fiscal year.
- Employee Benefits totaling \$460.9 million, are expected to increase \$36.6 million or 8.6 percent from the FY 2024 forecast. This budget includes an increase to the employee fringe rate from 36.2 percent to 37.2 percent.
- General Expense and Purchased Services are expected to increase \$1.02 million to \$606.3 million due to increases in NYPH purchased services for nursing, security, and other staff, offset by decreases in discretionary expenses as part of the overall reduction plan.
- Utilities and Rent and Taxes are budgeted to increase \$4.8 million, or 5.6 percent, to \$91.2 million. This includes a 3.0 percent increase for utilities and existing leases, as well as a new lease expense for 1334 York Avenue (Sotheby's).
- **Debt Service** is budgeted to total \$80.5 million, representing \$52.5 million in existing and \$28.0 million in new debt. The new debt service will be for the 1393 York Avenue (Student Residence) loan, payments for current and future lines of credit, and miscellaneous capital projects.

### FY 2025 Capital Budget and Associated Five-Year Spending

The university's capital budget, provided in Table 6, identifies capital activity that will initiate in FY 2025 and for ongoing projects. The FY 2025 capital budget for all campuses is planned not-to-exceed \$395.9 million. An additional \$620.2 million in spending associated with these projects is expected during FY 2026 – FY 2029.

Further details are provided in Appendix I, including each project's projected spending plan, source of funding, and impact on the maintenance backlog. Table 7 identifies the funding source and timing of use for each campus.

#### Capital Budget Highlights

The capital budget represents capital activity for all campuses for projects greater than \$250 thousand each, some of which are rolled up into portfolio plans.

#### Ithaca Campus

Capital activity for the Ithaca Campus includes the addition of net new programmatic space, building renewals, capital infrastructure and maintenance projects, as well as space renewals necessary to support high-priority programmatic needs.

Renewal of existing space remains a top priority for the Ithaca Campus, with McGraw Hall and Balch Hall currently underway.

Projects that add net new space are continuing with the construction of the Ann S. Bowers Computing and Information Science Building and Atkinson Hall, both of which were included in prior year capital budgets. With a funding plan now secured, the design of the Meinig Fieldhouse was added to our capital budget.

The State University Construction Fund (SUCF) will continue to focus on the completion of the Plant Science Building Renewal – Phase I project, projected at \$69.0 million. Other notable projects funded through SUCF include the Vet Medical Center Roof Replacement, budgeted at \$15.0 million, Vet Research Tower Renovations, budgeted at \$13.8 million, the College of Veterinary Medicine Waste Management Facility, Swing Space at the College of Veterinary Medicine budgeted at \$13.2 million and the renovation of King-Shaw Hall with a \$11.0 million targeted budget.

All remaining capital projects for FY 2025 have been prioritized based on the criticality of addressing current

building maintenance conditions or programmatic needs that cannot be reasonably deferred.

The total estimated cost of projects in the Ithaca Campus FY 2025 capital budget is anticipated to be \$1.1 billion, with projected spend through FY 2024 at \$355.3 million, \$323.3 million in FY 2025, and \$451.2 million in associated spending between FY 2026 – FY 2029.

The Ithaca Campus projects included in the FY 2025 Capital Budget will address an estimated maintenance backlog of approximately \$284.1 million and functional renewal of \$434.4 million.

#### **Cornell Tech**

The Cornell Tech capital budget is focused on the fit-out of the Tata Innovation Center, acquired in FY 2022 and a campus visioning study for Phase II of the build out on Roosevelt Island.

The total capital budget for Cornell Tech is \$38.1 million, with \$15.5 million in projected spend through FY 2024, \$12.0 million in FY 2025 and \$10.7 million in associated spending between FY 2026 – FY 2029.

#### Weill Cornell Medicine (WCM)

The WCM Student Housing project is proceeding as the largest budgeted project at WCM at \$264.0 million. This project is funded by \$129.0 million in gifts and \$135.0 million in debt.

Other projects happening at WCM include: the imaging center with New York Presbyterian Hospital, budgeted at \$87.5 million, and clinical space improvements at 575 Lexington Avenue, budgeted at \$45.0 million.

Remaining projects included in the WCM FY 2025 capital budget have been prioritized around renewal and the relocation of existing space and focused on clinical support.

The total estimated cost of projects in the WCM FY 2025 capital budget is anticipated to reach \$431.7 million, with projected spend through FY 2024 at \$214.1 million, \$151.7 million in FY 2025, and \$65.9 million between FY 2026 – FY 2029.

An Ithaca trending adjustment has been applied to the university budget, normalizing the FY 2025 projection to reflect a 40 percent reduction in expenses in the categories of Building Renewal, Renewal - Programmatic Fit and Renewal -Infrastructure and Maintenance pushing expenses into the outyears. This adjustment was based on historical analysis of actual spend versus budget.

# Table 6: Capital Activity Summary (dollars in thousands)

		Current	
		Estimated Total	Anticipated
	ITHACA CAMPUS	Project Cost	FY2025
	11 HACA CAMIFUS

Gifts in Hand are cash payments. Restricted gifts for capital projects. Gifts Pledged are gift commitments with future payment. Gifts to be Raised are a projection of future, to-be-identified gifts. Resources provided by the Colleges or Administrative Units from their operations, reserves, or investment income. α

β

Resources from the Central Ithaca campus or Weill Cornell Medicine budgets. Ithaca campus funds include assessments, allocated funds, and usage fees. New York State funding provided to the SUNY campuses, administered by the State University Construction Fund (SUCF). Г

Δ

Resources provided by federal, state, or local government agencies or private institutions. Funding from a third party, external to any Cornell funding source, used to develop project(s). 3

Short-term loan funds to address a gap in the cash flow for a portion of capital activity. π

Cadence was adjusted to reflect 40% of expenses pushed into the outyears in the categories of: Planning and Design, Building Renewal, Renewal - Programmatic Fit and Renewal - Infrastructure and Maintenance, and η Administrative Systems based on historical analysis of actual spend vs. budget.

#### Notes:

a Students participating in Office of Global Learning programs will pay the tuition of their home college.

- β Tier 1: MArch, eMPS, MEng, MPS (Applied Statistics, AEM, Information Sciences, Real Estate), (executive) MMH (three semesters), MS (AAD, AUD & Information Sciences).
- Г Tier 2: MHA, MILR, MLA, MPA, MPH, MRP, MPS (CALS, Hum Ec., ID, ILR except ILR NYC, ILR eMPS), MS (Nutrition, Atmospheric Sciences).
- $\Delta$  Tier 3: Endowed Research Masters Ithaca-MA, MFA (except as otherwise noted ), MS (except as otherwise noted ).

ε Tier 4: MPS ILR NYC, MFA (Image Text)

 $\pi$  Tier 5: Contract College Research Masters Ithaca - MA, MS (except as otherwise noted).

 $\eta$  Includes tuition at \$33,745 and approximately \$10,000 in fees.

<sub>θ</sub> Weill Cornell Medicine MS degrees include Health Policy & Economics, Health Informatics, Biostatistics & Data Sciences.

<sup>\*</sup> Qatar Pre Medical Tuition will be the same as that in effect at Cornell University in Ithaca.

19. Application Fee – Medical College	100	100	100	100	0.0%
20. Health Service Fee - Medical Campus (mandatory)	1,500	1,530	1,576	1,623	3.0%

#### Notes:

a The undergraduate enrollment deposit is a one-time payment made by newly accepted students that is applied as a tuition credit during the first semester of enrollment.

β University Registrar is no longer assessing a late registration fee at the end of the 3rd or 5th weeks. If a student is withdrawn at the end of the term for non-payment and the student comes into compliance in resolving their College and Bursar hold(s) and the student is rejoined, they are charged a \$350 reinstatement fee

Γ As of Summer 2023 CESS will no longer require a fee for late registration. Students must pay in full prior to registering. Requests to add a class after the session deadline require a petition.

△ The administrative/special fee covers administrative and support costs for the pre-1983 Cornell Children's Tuition Scholarship program.

#### Notes:

\* Institutions are ranked in descending order of rates for Academic Year 2023-2024.

a Room rates shown represent average double occupancy for undergraduates.

 $\beta$  Board rates shown generally represent full meal plans providing 14 to 21 meals per week.

Γ Cornell rates shown are for the new unlimited meals plan plus \$400 declining balance plan, including a \$50 nonrefundable administrative fee.

0/ 01

Cornell University Room Rates	18-19	19-20	20-21	21-22	22-23	23-24	24-25	% Change from 23-24
1. Undergraduate – Average Double	\$ 8,842	\$ 9,152	\$ 9,534	\$ 9,962	\$ 10,426	\$ 11,562	\$ 12,296	6.3%
2. Undergraduate – Average All Types	9,532	9,867	10,282	10,613	11,106	12,654	13,458	6.4%
3. All Students – Average Double	8,842	9,152	9,534	9,962	10,426	11,562	12,296	6.3%
<b>Board Rates</b>								
4. Full Meal Plan $^{\Delta}$	\$ 5,924	\$ 6,094	\$ 6,262	\$ 6,434	\$ 6,612	\$ 6,942	\$ 7,133	2.8%
5. Administrative Fee <sup><math>\varepsilon</math></sup>	50	50	50	50	50	50	50	0.0%

#### Notes:

△ The rates shown for Academic Years 2018-2019 through 2020-2021 are for the traditional 14 meals per week plus \$800 declining balance plan. The rates shown for Academic Year 2021-2022 and forward are for the new unlimited meals plan plus \$400 declining balance plan.

Nonrefundable administrative fee charged to participants in the meal plans to cover the cost of flexible enrollment, allowing students to change, add, and drop meal plans. The fee funds the tracking and
 processing system used to record and monitor changes.

Notes:

\* Enrollment counts represent the average of fall & spring enrollment numbers (excluding in absentia).

\* Projections for undergraduate students are based on the overall fall enrollment target. Projections include an estimated 106 Chinese students that are expected to enroll as part of the CAU dual degree program in fall 24 but not spring 25. Projections for professional and research degree students are based on the average percent change for the past three years. Cornell Tech projections reflect their estimated enrollment for FY 2025.

α Excludes Tier 3 Professional Degrees (JSD, MFA and DMA).

β Counts include students flagged as Off Campus at Cornell Tech, or whose advisor (chair of committee) is from Technion or Tech, or has a joint appointment at Cornell Tech as of the 6th week of the semester.

Γ Includes MA, MS, PhD, MD/PhD and the Tier 3 Professional Degrees (JSD, MFA and DMA) and non-degree students identified as paying research tuition.

Δ Excludes Master's degree in Legal Studies (MS). This degree is included under professional degrees.

	Tatal State Ammaniations Thursde SYNNY	Ø120 010	\$120.410	0127 214	\$12C 0(1
<u>9.</u>	Total State Appropriations Through SUNY	\$130,819	\$129,419	\$137,214	\$136,961
	Other State Appropriations				
10	. Bundy Aid (based on degrees granted) <sup><math>\beta</math></sup>	\$1,578	\$1,596	\$1,596	\$0
11	. Total Ithaca Campus	\$132,397	\$131,015	\$138,810	\$136,961
	Weill Cornell Medicine				
12	. Bundy Aid (based on degrees granted) $^{\beta}$	\$212	\$180	\$180	\$0
13	. Total Weill Cornell Medicine	\$212	\$180	\$180	\$0
14	. Total State Appropriations	\$132,609	\$131,195	\$138,990	\$136,961

Notes:

\* Cornell receives New York State appropriations through the State University of New York (SUNY) and Bundy Aid directly from the state.

\* Not represented on this schedule are certain student financial aid funds and grants and contracts with state agencies. The schedule also excludes the value of employee benefits provided by New York State and debt service, neither of which are recorded by Cornell.

a FY 2023 Actuals-Cornell State University Construction fund critical maintenance expenditures are significantly less due to the start-up after the pandemic and related construction restrictions.

β It is anticpated beginning in FY 2025 Cornell (including Weill Medical College) will not receive Bundy Aid.

Notes:

a Unit Funds and other sources for unit-funded projects will be adjusted as operating budgets are finalized to reflect actual spending and funds available.

β The Projections through FY 2024 column are the sum of Prior Year Actuals, Current Year Actuals, and Current Year Projected Spend.

Γ McGraw Hall Renovation is the master project row for: McGraw Hall Renovation, Olin Library Basement and First Floor Renewal and Stimson Hall Enabling to McGraw.

△ Cadence was adjusted to reflect 40% of expenses pushed into the outyears in the categories of: Planning and Design, Building Renewal, Renewal - Programmatic Fit and Renewal - Infrastructure and Maintenance, and Administrative Systems based on historical analysis of actual spend vs. budget.

Notes:

\* Shown are the billing rates, expressed as percentages, used in each fiscal year; actual cost rates vary.

\* Endowed Ithaca has 3 employee benefit billing rates: (a) the full rate is used for most benefit-eligible employees; (b) a minimum rate is used when only mandated benefits are provided or when tips or pension-ineligible bonus payments are made; and (c) a zero rate is applied in limited situations, such as academic-year student wage payments, where the cost of any benefits provided is negligible.

 $\alpha$  Ithaca federal indirect cost rates are provisional, pending receipt of a signed rate agreement.

<sup>β</sup> FY 2025 Weill Cornell Medicine indirect cost and benefits rates are estimated, pending approval by the Department of Health and Human Services.

*Γ* FY 2025 contract college benefits rates are estimated pending submission to the Department of Health and Human Services for incorporation into the university's rate agreements. FY 2021-FY 2024 values shown are actual rates.

Notes:

\* Actual FTE is not measured; estimated FTE's are presented here as of November 1st each year. A part-time employee (20 to 35 hrs./week) is measured as 0.51 FTE, full-time employees (>35 hrs./week) as 1.0.

Professorial Faculty: It includes Professor, Associate Professor, Assistant Professor, and University Professor. Faculty are counted within the college of tenure or primary academic appointment.
 RTE faculty: Professor-of-the-Practice (all ranks), Clinical Professor (all ranks), Research Professor (all ranks), Librarians, Archivists, Lecturers, Instructors, Research Associates, Extension Associates, Teaching Associates, Senior Scholar, Senior Scientist, Research Scientist, and Principal Research Scientist.

\* Other Academics: Courtesy, Adjunct and Visiting Professors; Visiting Scholars & Scientists; Professors-at-Large; Acting Professors.

Post Docs: Postdoctoral Associates and Postdoctoral Fellows.

\* Staff includes medical residents and interns.
